

Rainforest Village Level Proposal

Addison Moyer

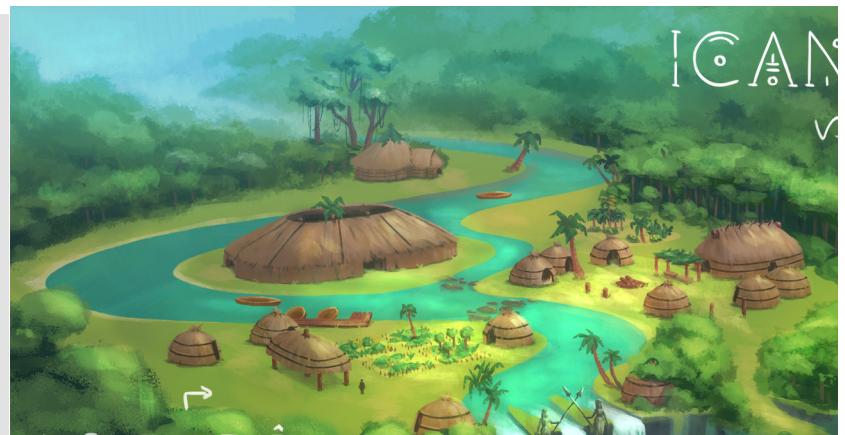

Maps top and side view layout ideas
(See Following Pages for Examples and reference)

Rainforest Village Side View

**** Building Ideas for the village

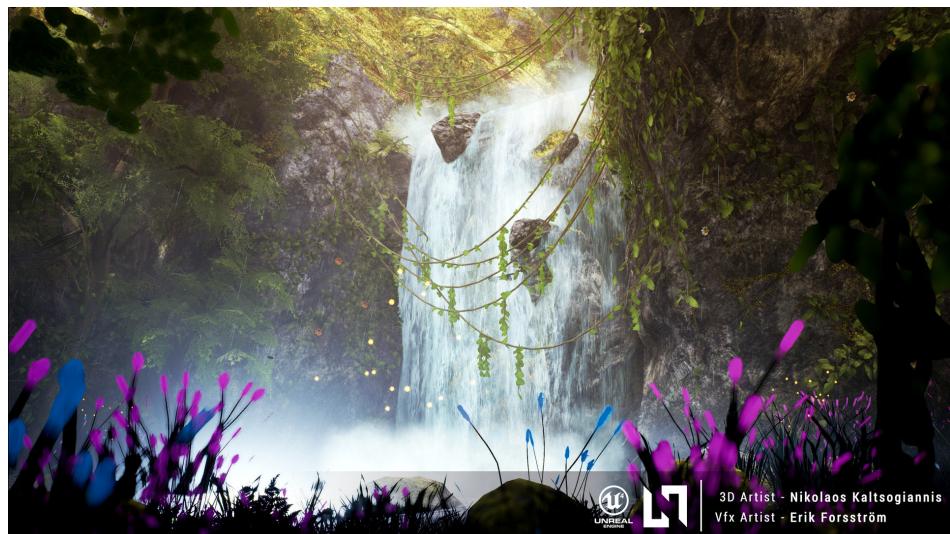

*** The View I can imagine seeing from the cave

Sky and clouds with image planes or skybox

** Also animated on planes a waterfall in the distance

* Reference for Bridge and ledges that I plan to go along the edge of the cliff
(Just bridge and plant ideas. A waterfall may be more doable in the background)

Plants and other Trees and bushes found in a rainforest.
I want to create these.
